MEMORANDUM FOR: NFIP Joint Working Groups for Modernization

FROM: Dee Woodard (202)-646-3447
debra.woodard@fema.gov
FIMA Project Officer

SUBJECT: CONOPS Initiative

NFIP Concept of Operations Joint Working Groups,

I would like to thank everyone that came to the 2002 National Flood Conference CONOPS session(s); thanks for making it a success! I look forward to your comments and ideas as we work make the CONOPS vision a reality.

As you know, one of the upcoming Phase I activities for the CONOPS includes the establishment of the five Joint Working Groups (JWGs). The JWGs are critical in helping to determine how the NFIP would operate in the CONOPS environment. The FIMA is eager to start Phase I, however the CONOPS Initiative contract is still being refined to ensure that future tasking will go as smoothly as possible. Since the JWGs are a part of Phase I activities, the official starting date has been moved to mid-September.

The JWG members are the flood insurance experts who know this business from every angle, and your recommendations are vital for the establishment of target business rules (Edit Specs).

I want to thank all members of the JWGs for your patience and support. Before we know it, Phase I activities will be in full swing.

The JWG portals are currently available for your use and all JWG members have been invited to join the appropriate portal. If you are a member and have not yet received access, please contact us. Also all documents (e.g., letters, conference presentation, up-to-date process models) are posted at <http://nfip.intranets.com>. If you are not a member of this site, just sign in as a guest and click on the "Documents" tab in the right-side menu.

Again thank you for your patience and support!
