DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket No. FEMA-7786]

List of Communities Eligible for the Sale of Flood Insurance

AGENCY: Mitigation Division, Federal Emergency Management Agency (FEMA), Department of Homeland Security.

ACTION: Final rule.

SUMMARY: This rule identifies communities that are participating and suspended from the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed to enact certain floodplain management measures. The communities' participation in the program authorizes the sale of flood insurance to owners of properties located in the communities listed below.

DATES: Effective Dates: The effective date for each community is listed in the fourth column of the following tables.

ADDRESSES: Flood insurance policies for properties located in the communities listed below can be obtained from any licensed property insurance agent or broker serving the eligible community or from the NFIP by calling 1-800-638-6620.

FOR ADDITIONAL INFORMATION CONTACT: William H. Lesser, Mitigation Division, 500 C Street, SW., Washington, DC 20472, (202) 646-2807.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance that is generally not otherwise available. In return, communities agree to adopt and implement local floodplain management regulations that contribute to protecting lives and reducing the risk of new construction from future flooding. Because the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for properties in these communities.

FEMA has identified the Special Flood Hazard Areas (SFHAs) in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the communities listed where a flood map has been published, section 202 of the Flood

Disaster Protection Act of 1973, as amended, 42 U.S.C. 4016(a), requires the purchase of flood insurance as a condition of Federal or Federally-related financial assistance for acquisition or construction of buildings in the SFHAs shown on the map.

The Administrator finds that delayed effective dates would be contrary to the public interest and that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator certifies that this rule will not have a significant economic impact on a substantial number of small

entities in accordance with the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the rule creates no additional burden, but lists those communities eligible for the sale of flood insurance.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the

Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Department of State Acquisition Regulation; Correction

AGENCY: Department of State.

ACTION: Correcting amendments.

SUMMARY: This document contains corrections to the final regulation published in the **Federal Register** of Friday, June 16, 2006 (71 FR 34836). The regulations related to changes to the Department of State Acquisition Regulation (DOSAR).

DATES: Effective on July 20, 2006.

SUPPLEMENTARY INFORMATION:

Background

The final regulations that are the subject of these corrections concerned the application of the Small Business Act to contracts awarded by domestic contracting activities where contract performance takes place overseas; and revised the coverage regarding the Defense Base Act. A new solicitation provision was added at 48 CFR 652.228-70, Defense Base Act—Covered Contractor Employees, and the contract clause and solicitation provision at 652.228-71, Workers' Compensation Insurance (Defense Base Act)—Services, and 652.228-74, Defense Base Act Insurance Rates—Limitation, were revised accordingly.

Need for Correction

As published, the final regulations did not include the dates of the clause and provisions at §§ 652.228-70, 652.228-71, and 652.228-74. Since contract clauses and solicitation provisions are subject to revision from time to time, all clauses and provisions are dated. To avoid confusion concerning which version of any provision or clause is operative in any given solicitation or contract, the date

must be included when including clauses and provisions in contracts and solicitations.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Closure of the 2006 Tilefish Commercial Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS closes the commercial fishery for tilefish in the exclusive

economic zone (EEZ) of the Gulf of Mexico. NMFS has determined that the tilefish quota for the commercial fishery will have been reached by July 21, 2006. This closure is necessary to protect the tilefish resource.

DATES: Closure is effective 12:01 a.m., local time, July 22, 2006, until 12:01 a.m., local time, on January 1, 2007.

FOR FURTHER INFORMATION CONTACT:

Jason Rueter, telephone 727-824-5350, fax 727-824-5308, e-mail Jason.Rueter@noaa.gov.

SUPPLEMENTARY INFORMATION: The reef fish fishery of the Gulf of Mexico is managed under the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP). The FMP was prepared by the Gulf of Mexico Fishery Management Council and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622. Those regulations set the commercial quota for tilefish in the Gulf of Mexico at 440,000 lb (199,581 kg) for the current fishing year, January 1 through December 31, 2006.

Under 50 CFR 622.43(a), NMFS is required to close the commercial fishery for a species or species group when the quota for that species or species group is reached, or is projected to be reached, by filing a notification to that effect in the **Federal Register**. Based on current statistics, NMFS has determined that the available commercial quota of 440,000 lb (199,581 kg) for tilefish will be reached on or before July 21, 2006. Accordingly, NMFS is closing the commercial tilefish fishery in the Gulf of Mexico EEZ from 12:01 a.m., local time, on July 22, 2006, until 12:01 a.m., local time, on January 1, 2007. The operator of a vessel with a valid commercial vessel permit for Gulf reef fish having tilefish aboard must have landed and bartered, traded, or sold such tilefish prior to 12:01 a.m., local time, July 22, 2006.

During the closure, the bag and possession limits specified in 50 CFR 622.39(b) apply to all harvest or possession of tilefish in or from the Gulf of Mexico EEZ, and the sale or purchase of tilefish taken from the EEZ is prohibited. The prohibition on sale or purchase does not apply to sale or purchase of tilefish that were harvested, landed ashore, and sold prior to 12:01 a.m., local time, July 22, 2006, and were held in cold storage by a dealer or processor.
