MEMORANDUM FOR: Write Your Own (WYO) Principal Coordinators  
and the NFIP Servicing Agent

FROM: WYO Clearinghouse

SUBJECT: Launch of New e-*Watermark* Website

The NFIP Bureau and Statistical Agent is pleased to announce the official launch of the new e-*Watermark* website on Friday, December 1.

Here you will be able to receive NFIP news and technical information faster than ever. Three of the site's pages are categorized by stakeholder interest and offer archived articles from the print *Watermark*. This valuable resource also contains links to other materials that may assist with training and awareness efforts.

A series of "Related Links" is available on a sidebar throughout most of the site, and several pages include publications, websites, and events relevant to NFIP stakeholders. A contact information page is available for those who want to offer feedback, cancel their paper subscription (or request one), or ask questions about *Watermark* articles.

The website will be updated monthly. All subscribers to the NFIP's free e-notification service will automatically receive an announcement when new material has been uploaded.

Please visit and bookmark the new site at [watermark.nfipstat.com](http://watermark.nfipstat.com).

Feel free to share this information with others in your organization, as appropriate.
