1 Pre-FIRM construction refers to a building that has a date of construction or substantial improvement date on or before 12/31/74, or before the effective date of the initial Flood Insurance Rate Map (FIRM), whichever is later. If the building is a non-primary residence located in an SFHA or Zone D, use Table 2B.

2 Pre-FIRM buildings may use Post-FIRM elevation rating if more favorable to the insured. However, when the lowest floor elevation is below the Base Flood Elevation (BFE), follow the Submit-for-Rate procedures for policy processing.

3 For an elevated building on a crawlspace with an attached garage without openings, use "With Enclosure" rates.

4 The definition of Manufactured (Mobile) Home includes travel trailers; see the Definitions section of this manual.

5 Includes subgrade crawlspace.

6 Includes crawlspace.
